

## celestial body

I am a celestial body  
always changing

sometimes hiding

locked in orbit  
about my boundaries  
you can't change them  
on rare occasions

I'll creep close

but to see what's really going on  
you'll need a telescope

though some of my abilities

are hidden

I'll give you everything with ease

and a b s o r b all your energy

but when I die

my dust will spread out e v e r y w h e r e

I was named after someone special you know
